

## Catawba Songs and Cheers

### (Tag):

C to the A to the T A to W B A (x3)  
Catawba, Catawba, Catawba, HEY!

### SpongeBob Song

VD:

Are you ready campers?

Campers:

Aye, aye (VD Name)!

VD:

I can't hear you!

Campers:

Aye, aye (VD Name)!

All:

Ooooooooooooooh

Who lives in a cabin over the bridge?

THE CATAWBAS

Maroon and feathers are our symbols you see!

THE CATAWBAS

If hanging with Choctaws be something you like

THE CATAWBAS

Then pack up your bags and go take a hike!

THE CATAWBAS, THE CATAWBAS

We're the best village

### Love on Top

(Snaps and do do do's)

-bring the VD in-

Hey Camp Crestridge, you can see our swag all the way from here

Can't you see the pride on (VD's Name)'s face?

Even though this is our first year, it's pretty clear that we run this place

Everybody asks us why we're smiling out from ear to ear...

But they know...

Baby we're new, we're wearin' our maroon  
Rockin' it at CP, we can see your jealousy  
C'mon (VD Name) it's you, you're the one who gives your all, you're the one we can always call

We make all the Choctaws STOP, and we're lovin' the Cherokees spot

### All about the bridge

Because you know we're all about that bridge, about that bridge, no stairwell  
We're all about that bridge, about that bridge, no stairwell

All about that bridge, about that bridge, no stairwell

Yeah yeah it's pretty clear that our village is new

But we can shake it shake it-like all the rest of you

We got that maroon and plenty of patience  
So many friends in so many villages

You know we love to sing

And go on CP talks-ask anybody here

They know Catawba rocks

You know we're bound to win every cabin cleanup

Cause every bunk of ours is perfect from the bottom to the top

Because you know we're all about that bridge, about that bridge, no stairwell (x4)

### Start of Something New

Livin' in our own world

Camp didn't understand

That something cool would happen

If they took a chance

It was hard to believe that

Crestridge was incomplete

Until we opened our hearts (oh oh)

To two new village opportunities

Now you know

That Crestridge has changed

It's never felt this great

And right here tonight

This is the start of Catawba

It feels so right to be at camp with ya (oooh)

And now looking up those stairs, we know our home's not there

And that this is the start of something new

### **Our Song**

We were walkin' to the store,  
Knockin' on that door trying to get a  
candy bar  
Headed to free time thinking in our minds  
that Crestridge has our hearts  
We looked around, saw our VD frown and  
said (VD's Name) is something wrong?  
She said nothing, I was just thinking that  
Catawbas need more songs...

### **AND WE SAID**

Our song is a walking that bridge, staying up  
late talking about JESUS.  
When we do our tag and we start reeall low  
then get loud so the camp will know  
Our song is the way we raft-1<sup>st</sup> times scary  
but you know we had a great time  
And when we go home and the summer  
ends, we'll ask God if we can come back  
again
